## NOVEL ATTRACTIONS FOR EL PASO FAIR

Barney Oldfield May Come. Crack Racehorses--A Steam Calliope.

Manager Frank Rich is in correspondence with Barney Oldfield's manager, and it is probable that the speed king will bring his big 200 horse power Benz car to El Paso as one of the special speed features of the fair. The Savage team of trotting horses may also be brought to El Paso for the big exposition. This world famous team includes Hedgewood Boy, Lady Maud C. Dan Patch, Minor Heir and George Gano. These horses are making a tour of the country and are planning to appear in El Paso before the Phoenix fair.

The Case Machinery company, of Racine, Wis., is arranging to build an addition to machinery hall in which to exhibit its display of machinery and implements. This company will have a steam calliope as one of the features of its exhibit, and will arrange for the operation of various kinds of power machinery.

The fair catalog will be off the press this week and will be sent to all of the friends of the fair in the southwest. The catalog is much more complete and artistic than the one issued by the association for the first annual fair.

Dr. J. A. Edmunds, a polo expert who has decided to locate in El Paso, has arrived from his polo pony farm at Wilcox, Ariz., and will open a veterinary office as soon as he can find a location. He will also arrange for a polo contest as a part of the fair program and will go to Phoenix after the close of the El Paso fair to assist in conducting a polo tournament during the Arizona fair.

## King's Widow To Wed Man To Get a Manager

Brussels, Belgium, Aug. 17.—Baroness Vaughan, widow of the late king Leopold of Belgium, is soon to wed Emmanuel Durtier, a French citizen. The banns have been published at Arronville, near the historic castle of Ballincourt, which was a gift to the prospective bride from the aged monarch during his lifetime. The baroness is but 27 years of age and lacking in experience in worldly affairs. Her friends say that she finds it difficult to manage the huge fortune left her by Leopold and she fears that the legion of lawyers who have been fighting her in the courts will eventually swallow not only the interest but the principal of her estate. Durtier is said to be a shrewd business man. The two sons of the baroness have been sent to school.

## Million Confirmed Drunkards in U. S. One-third of Them Die Every Year and Ranks Keep Full.

Philadelphia, April 8.—One million persons in this country are confirmed inebriates. Of this number one-third die yearly as a result of drink, yet this number is annually made up by recruits of the army of drunkards.

This was the substance of a paper read by Dr. DeLaney Carter, of the New York Medical Society for the study of alcohol and other narcotics.

This problem, he asserted, exceeds in sociological importance anything known to modern civilization. He urged institutions for their treatment, lectures, educational efforts and every legal method of restraint that can possibly check the influx of new drunkards.

## CLASH OF AUTHORITY IN COLUMBUS STRIKE

Mayor Orders Cars Stopped at Night, But They Continue Running; Governor to Bring in Troops.

Columbus, O., Aug. 17.—Acting under orders by governor Harmon, 300 members of the first Ohio regiment of Cincinnati left that city on a special train for Columbus to enforce order during the traction strike.

Mayor Marshall has called upon the Columbus Railway and Light company to keep its cars in the barns at night until peace is restored. He said a few days of quiet probably would end the excitement and permit the strengthening of the police force, the sheriff's office and the vigilance committees.

Friends and advisors of governor Harmon were greatly perturbed by a remark attributed to mayor Marshall when informed that the governor had gone over his head and summoned troops, whom he proposed to direct in quelling riots without consulting the mayor.

Mayor Marshall was reported as having said the governor and his generals could go to Hades, so far as he cared. The mayor promptly was called upon to explain. He declared that the re-

mark was not made by him. He said he merely had declared that he did not "care a rap" what his many critics said. The builders and traders exchange today adopted resolutions calling upon the governor to suspend the mayor.

The strike breakers are now under direction of the head of a Cleveland detective agency, as a result of the disappearance of John F. Brady, the former leader, who is being sought by the police for shooting two women and a little girl.

H. W. Browder, bookkeeper for the H. Leinsky company, has returned from a month's visit at his old home in Sweetwater, Tenn., and with friends in southern cities.

## Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. It's not your disposition, it's your liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbina and get your liver in shape. You see everybody around you will feel better for it. Price 50 cents per bottle. Sold by all druggists.

# Offices

## For Rent In New Herald Building

Janitor service is furnished together with all the incidental requirements that help to make an office building more comfortable than the ordinary office can be without these requisites.

**LOCATION**—located in the very heart of the business center where all street cars pass its doors, well advertised, large signs on all sides of the building, and immense electric signs on tower show day and night where The Herald Building can be found. This one feature is worth money to any business man, to be in a building that can be located without the assistance of a city directory and one or two policemen.

**REMEMBER**, while you know where your office is located, strangers and others must find it. Therefore it is good policy to be where you can be found when people want to do business with you. Now-a-days the average person will not hunt long, he will do business elsewhere.
